# Aquaweg

EASY | ALPENMOSAIK - RÄTIKON | EINKEHRMÖGLICHKEIT | FAMILIENFREUNDLICH | KINDERWAGENTAUGLICH | RUNDTOUR

## Tour description

**The Aquaweg shows you the many ways in which water from the Montafon mountains is used and takes you through forests and meadows with beautiful views of Schruns and the Hochjoch.**

The Montafon is rich in water, which has shaped life and economic activity in the region for centuries. As early as the Middle Ages, the power of water was used to drive mills. At the end of the 19th century, the first hydroelectric power plant was built, making it possible to convert the energy of flowing water into electricity.

At several stops along the Aquaweg, you'll learn just how abundant the region's water resources are, how pure the drinking water from the mountains is, and the many different ways this natural source of life is utilized in the Montafon.
