

Pfarrkirche Partenen

CHURCH | CHAPEL

📍 Silvrettastr., 6794 Partenen

The little Baroque church from the 18th century was rebuilt following a village fire in 1800 by Tyrolean communities and artists. It houses traditional, late Baroque fittings, with a notable sculpture of the church patron saint on the left-hand side altar, as well as a rare illustration of the “14 helpers” by the Vorarlberg church painter Anton Marte (ceiling painting of 1926 in the nave).
