

Pfarrkirche St. Gallenkirch

CHURCH | CHAPEL

📍 Montafonerstr. 5, 6791 St.Gallenkirch

The chapel has existed since 1307 and was rebuilt in 1474. The Gothic polygonal choir, whose architectural design still exists today, belongs to that time. The Gothic choir vaulting was converted to the Baroque style. The church, with its 3 Rococo altars, the pulpit and the organ case, is amongst the most beautiful Rococo churches in Vorarlberg. Also of importance is the fresco cycle by W. Klausner (1775).
