Tour description

Vallülasaal/energie.raum - Round towards Lifinar Lift - Vallülasaal/energie.raum

As the name suggests, the large village round of Partenen is right in the middle of the village. This also results in several places to stop for refreshments. Toilets are located in Vallülasaal (where the energie.raum is also located - a combination of exhibition and museum). There are several parking and trail entry options. The best starting point is directly behind Vallülasaal. The trail is designed with two large loops connected by a narrow connection. There are no road crossings on this trail. The small village round of Partenen is located on the opposite side of the street from Vallülasaal. The trail is run clockwise.

Approach

Coming from Bludenz, take the Bludenz/Montafon highway exit and follow the L188 into Montafon to Partenen (Centre).
