(SRM) Naturkräftepfad Hochjoch

Ansichtskarte der Tour

Tour description

Have fun discovering the forces of nature on the one-hour hiking trail to the Seebligasee lake and back. The nature trail stations are designed for children and adults alike. Why are they so special? They just so happen to provide a wealth of fun and memorable information about the surrounding mountains. Hikers can ascend the peaks alongside the wind towers and build stone cairns in their natural environment with their bare hands. An experience for the whole family, as the path is also suitable for pushchairs.
