

via ferrata Röbischlucht

Moderate

Einkehrmöglichkeit

Familienfreundlich

Tour description

The R bischlucht via ferrata is a short, exciting route suitable for beginners and families. Running directly alongside the R bibach stream, the route winds through a stunning gorge of water and rock. Especially on hot summer days, the cool surroundings make for a refreshing via ferrata experience.

With an average difficulty rating of A/B, the via ferrata is well suited for beginners and active children. The route through the narrow gorge is varied, and the stream bed is crossed several times. Only the final rock step at the exit is somewhat steeper and requires a final burst of concentration. The return route leads across alpine meadows to the inviting Ronggalpe snack bar.

Access - Directions - Descent

Access

From the Gargellner Bergbahnen parking lot, follow the Suggadin mountain stream downhill until about 50 meters past the Hotel Mateera. There, cross the main road and follow the forest road uphill. Then turn right, cross a narrow wooden bridge, and follow the course of the R bibach stream until you reach the start of the steel cables.

Route Description

The via ferrata leads along the R bibach stream through the impressive R bischlucht gorge. In the narrow gorge, you'll alternate between rock, water, and short stream crossings. The route is varied but not too long, and with an average difficulty level of A/B, it's well-suited for beginners and athletic children. Only the final rock step at the exit is somewhat steeper and requires a bit more concentration.

Descent

The descent follows marked hiking trails past the beautifully situated Ronggalpe back to the center of Gargellen.

 01:00 h duration	 3,13 km Length

Getting to the starting point

The starting point is the valley station of the Gargellen mountain railways or the center of Gargellen.

By public transportation:

With the Montafon regional bus and the Montafonerbahn, you can travel comfortably and flexibly throughout the valley. Trains and buses connect the towns regularly, every half hour or every hour depending on the route. Find your connection [here](#). Bus stop at the start/end of this tour: **Gargellen Zentrum**

By car:

Take the A14 to the Bludenz/Montafon exit and continue on Montafonerstraße L188 to St. Gallenkirch. There, turn right onto Gargellnerstraße and follow it to Gargellen.

Important Information

You climb the via ferrata at your own risk and responsibility. Please check the weather, current conditions, snow conditions, and difficulty level in advance. Realistically assess your experience, sure-footedness, ability to handle heights, and physical fitness.

Complete, standard-compliant via ferrata equipment is absolutely essential. This includes a hip belt, via ferrata set, helmet, and gloves. Equally important is appropriate footwear: sturdy, ankle-high hiking boots with good traction.

Your backpack should also include sufficient food, sun and rain protection, and a first-aid kit.

In the Montafon, you can rent high-quality via ferrata equipment at [select sports shops](#). Please check in advance regarding availability, sizes, and reservation options.

Warning: Do not enter the gorge during thunderstorms, heavy rain, or high water levels. The via ferrata is intended for ascent only and must not be used for descent.

Useful tips

The Röbi via ferrata can be perfectly combined with the neighboring Rongg via ferrata.
