

Valisera Winter Hiking Trail II

DIFFICULT

Tour description

The Valisera winter hiking trail is the longest winter hiking trail in Silvretta Montafon at 2.7 km, provided there is sufficient snow. If snow conditions allow, the trail (Valisera I+II) leads to the Valisera Bahn middle station and can be hiked uphill in the reverse direction from there. If only the Valisera I trail is open for the reasons mentioned above, the section cannot be accessed.

You can find which sections are open here:
