## Tour description

On this short walk through town, you'll immerse yourself in the vibrant world of Montafon folklore and discover the stories, characters, and settings that have been linked to the Silbertal for generations.

Legends and stories hold great cultural significance in the Montafon and are still passed down from generation to generation today. Many of the valley's notable sites are associated with tales that recount extraordinary events, mysterious figures, and the way of life in times past.

You'll also encounter many of these stories in the Silbertal. These include, for example, the legends of the Bruderhüsli, the Teufelsbach, the Petrus Keys in the Montafon coat of arms, and the Nachtvolk and the Stieralpe. You can listen to many of them in both the Montafon dialect and Standard German.

## What is the Montafon Alpine Mosaic?

The Montafon Alpine Mosaic showcases the scenic diversity of the Montafon region. Four themed areas —Verwall, Silvretta, Rätikon, and the valley—illustrate how geology, nature, and the cultural landscape are interconnected.

Along 34 themed trails, you can discover the unique features of these diverse landscapes. Starting points, themes, and stories along the trails continually offer you new perspectives on the Montafon.

So: Choose an exploration area, lace up your hiking boots, and discover the diversity of the Montafon step by step.
