Directions

From Nova Stoba, the gravel path leads relatively flat towards the viewpoint "Vier Barga". From here it goes downhill via a trail to the summer pasture area Lifinar. The area around Lifinar invites you to linger - as you have a magnificent view of the surroundings here. The path then continues along the gravel road to the next summer pasture area - Ganeu, where the oldest double barns of the Montafon from 1552 can be found. From Ganeu, the path either follows the service road to Gaschurn or for sure-footed hikers over the "Fenggatobel".

Alternatively, the route can also be taken from Lifinar via the Rehsee to Gaschurn.
