Tour description

Aktivpark Montafon - Illweg - Litzdamm - Schruns - Bartholomäberg (church) - Panoramastraße towards Innerberg - junction Schruns via Loch - Gawatsch - Grappaweg - Montjola - Schruns - Aktivpark Montafon

From Aktivpark Montafon in Schruns-Tschagguns, head via paved bike paths and roads to Bartholomäberg, the sun balcony of Montafon. The average incline is approximately 10%. Via the Panoramastraße, you reach just before Innerberg without further inclines – an ideal viewpoint to enjoy the panorama of the Rätikon and Hochjoch massif.

Note: The junction for the descent via Loch or Grappes can be easily overlooked. The downhill descent includes technically quite demanding single trails. As an alternative, you can simply ride back on the same path.

Above Schruns, the route leads back to Montjolastraße. From there, continue on the same route as the outward journey back to Aktivpark in Schruns-Tschagguns.
