Tour description

A scenic loop hike from Bartholomäberg over the Rellseck and the Itonskopf, offering sweeping panoramic views and fascinating glimpses into the cultural landscape shaped by mining.

This circular hike combines scenic high-altitude trails with traces of mining history on the Bartholomäberg. Already at Rellseck, the view opens up over Bludenz and the Walgau, before the trail leads you onward toward Itonskopf.

At the summit, a 360-degree panorama of the surrounding mountains awaits you. On the way back, two other notable landmarks along the route are the Fritzensee and the historic mine.
