

Via Alpina Montafon

MODERATE

Tour description

The long-distance hiking trail Via Alpina leads from Trieste to Monaco. 5 stages bring you closer to the picturesque mountain world of Montafon.

The cross-border long-distance hiking trail, which leads from Trieste to Monaco, passes through eight Alpine countries. Five stages of the famous trail pass through the Montafon. The five stages run through the varied Rätikon and rugged Silvretta mountain ranges. The former forms a successful contrast with its rugged limestone rock but also blooming alpine meadows, and is highly valued by mountain enthusiasts who love the natural beauty of the mountains. The Silvretta mountain range is somewhat more rugged. High mountains and glaciers make this high alpine terrain no less attractive.
