

Bartholomäberg–Silbertal Road Bike Panorama Loop

MODERATE **EINKEHRMÖGLICHKEIT** **RUNDTOUR**

Tour description

A scenic road bike route from Aktivpark Montafon through St. Anton im Montafon up to Bartholomäberg, continuing through Innerberg into the Silbertal valley, and back to Schruns-Tschagguns. You can expect a long climb, breathtaking views, and a varied descent.

From Aktivpark Montafon, you'll start by rolling leisurely out of the valley toward St. Anton im Montafon. There, the climb begins via Jetzmunten up to Bartholomäberg. The route follows the Panoramastraße past the Baroque church in Bartholomäberg and continues on to Innerberg, the highest point of the tour.

Then the route winds down through a series of switchbacks into the Silbertal valley. From there, follow the road along the Litz River out of the valley to Schruns and back to the Aktivpark Montafon.

Along the way, the Baroque church in Bartholomäberg, the Frühmesshaus Museum, and—with a short detour—the Silbertal Mining Museum are all great places to stop.
